

Thirty Years of Superior Dental Care to Patients in Palm Harbor & Beyond

By Katie Thomas

Dr. Larry Lieberman is an expert at creating beautiful, healthy smiles and his luxurious office features dozens of studio portraits of his patients' beautiful, smiling faces. It's important to him to help every patient have the best smile possible because he truly understands that a brilliant smile can give one the confidence to stand out and shine.

Larry Lieberman, DDS, offering Cosmetic, Laser, Implant and Family Dentistry is located at 35691 U.S. 19 North in Palm Harbor. Dr. Lieberman and his wife Debbie, who is the prac-

tice manager, have been working alongside one another in Palm Harbor for 30 years. Dr. Lieberman's first office was located at Palm Harbor Medical Center, then at the Fountain of Youth, but it is this office that he and Debbie have redesigned especially for their patients as a thank you for the many years of loyalty.

Dr. Lieberman says, "We provide our patients the best VIP treatment to make their visit a pleasurable, unique experience. This is the most state of the art office in the area. Anything that I would want as a patient - I make sure I have it here." Dr. Lieberman provides head rest pillows, plush com-

Larry Lieberman, DDS

fortable chairs, blankets, flat screen televisions for your viewing pleasure, headphones, and a specialty coffee bar in the comfortable reception area. The four exam rooms and two dental hygiene rooms are comfortable, bright, airy and private.

Spa-inspired décor in hues of turquoise and moss green features natural accents of river rock, copper and gently falling water, creating a serene space that feels like it's miles away from U.S. 19 rather than a few dozen feet.

Ever the New York Yankees fan, there is one room that Dr. Lieberman prizes most and that he has featured in all of his past offices – the famous Mickey Mantle shrine, filled with memorabilia from his beloved Yankees. There is a bat signed by 25 Hall of Famers, including Stan Musial and

Ted Williams so that even Red Sox fans can enjoy the room.

Excellent Dental Care – From Preventive to Cosmetic

Dr. Lieberman completed his undergraduate studies at SUNY Cortland, NY and continued his education at the prestigious NYU College of Dentistry. Last year, Dr. Lieberman was recognized with a 2012 Top Doctors and Dentists in Florida award. He continues to be active in the dental community outside of his Palm Harbor practice and teaches advanced dental training at the University of Florida College of Dentistry to other dentists, some who have been practicing for only three years and others who have been dentists for 35 years.

As one of the first dentists in the area to incorporate laser dentistry more than ten years ago, Dr. Lieberman is considered an industry leader and a pioneer in the field of laser dental technology. Lasers are used for many dental procedures from painless removal of small cavities – no needles for numbing are even needed! "I almost never numb kids. With the laser, they don't need numbing. It's virtually pain-free," says Dr. Lieberman. Lasers

Dr. Lieberman's office is spacious and welcoming with lovely natural accents that create a serene ambiance

ing scanner that is absolutely incredible, providing precise dental diagnostics that lead to incredible results! Patients can visibly see the anatomy of their mouths with this amazing technology. With a single scan the 3D Cone Beam can provide dental information that provides doctor and patient with real 3-D images. The special 3-D machine is used to diagnose and provide information for dental implants, extractions, root canal treatment, periodontal gum and bone disease, TMJ treatment, Sleep Apnea and full facial/jaw imaging.

Facial Rejuvenation Special for the Holidays

In addition to traditional dentistry with the best technology available, Dr. Lieberman also provides cosmetic facial rejuvenation treatments to patients. Botox and facial fillers such as Juvederm can have you looking fabulous for all of those upcoming holiday celebrations. And from now until December 31, 2013, enjoy the savings offered in Dr. Lieberman's Holiday Special, featuring Botox and facial fillers at the special price of \$10 per unit.

Dr. Lieberman, who has an expert hand and a discerning eye, says, "Our patients say that we are painless with our facial procedures and they love the results. I believe less is more. People shouldn't be able to look at you and

tell that you've had anything done. Here, there are no frozen faces and no fish lips. I like a natural look, where patients just look younger and more refreshed."

Dr. Lieberman's dental practice is one of outstanding services and complete comfort. Debbie and

Dr. Lieberman continue to give back to the community that has supported them. Having raised three sons in the area, Dr. Lieberman has coached a total of 42 teams in Palm Harbor and Oldsmar, including 10 soccer teams and 32 baseball teams. A bulletin board in the reception area is filled with thank you cards from patients and many letters of thanks from community outreach organizations that Dr. Lieberman, Debbie and their staff have supported including Gulf Coast Dental Outreach, which Dr. Lieberman co-founded and which has provided more than 1.5 million dollars in dental care to the poor.

If you are looking for a top-notch dentist, definitely take a look at what Dr. Lieberman will offer you. His newly revamped website, www.dentist-lieberman.com has much more information, including news articles, a smile gallery, bios for the Lieberman staff, and detailed descriptions of the services offered and the advanced technology utilized.

Larry Lieberman, DDS, is located at 35691 US Highway 19 North in Palm Harbor. Office hours are Monday – Thursday, 8 a.m. – 5:30 p.m.

For an appointment, please call (727) 785-8017. Find Larry Lieberman DDS on facebook and online at Dentist-Lieberman.com.

Dr. Lieberman, Debbie, and their amazing staff welcome you to come and experience the excellent care that Dr. Lieberman's office is so well known for

can cut bone and teeth, and are the best treatment for periodontal disease, which Dr. Lieberman says affects as much as 88% of the population! Untreated gum disease has been linked to serious health problems including lung and heart disease, as well as other systemic diseases. It is a serious condition that you should not ignore.

For anxious patients, Dr. Lieberman offers three types of sedation including oral (a pill taken prior to appointment), nitrous oxide gas during your treatment, or for those who are very nervous, IV sedation is avail-

able.

Dr. Lieberman only uses digital panoramic x-rays, and if you are in need of a crown you will love to hear about the CEREC Omnicam, a computer that renders super accurate digital measurements, which are then sent digitally to another machine that makes dental crowns in one day – no temporary crowns necessary! You can actually watch your crown being made through a glass window.

The latest technology that Dr. Lieberman has brought in is the Orthophos XG, a 3-D Cone Beam Imag-
